Random Drug Testing: Bishop Byrne High School's mandatory drug testing program screens every student at least one time during the school year for drug use. In the event of a positive drug test, the parents will be notified and the student must follow treatment options as directed by the school and have a negative drug screen approximately three months after the initial test.

We want to give students:

1. **A reason not to use drugs.**
2. **A reason to quit, if they have started.**
3. **A reason to get help, if they cannot.**

Yours in Christ

Coach Israel
